

A photograph of three business professionals in a modern office setting. Two men and one woman are seated around a dark conference table. They are engaged in a discussion, with one man pointing at a laptop screen. The office has large windows in the background, and the scene is brightly lit. A decorative pattern of white and grey dots is overlaid on the bottom right of the image.

## Fast tracking Icertis CLM (Contract Lifecycle Management) Implementation

In the current crisis, business and legal departments want to proactively identify, assess and manage all contractual risks, determine their obligations and the entitlements and develop a plan to protect businesses and be good partners to their customers and suppliers. Wipro offers Fast Track CLM implementation, partnering with Icertis to help and guide our customers in preparing for the future.

A decorative graphic consisting of a cluster of yellow dots of varying sizes, arranged in a roughly circular pattern.

**Cloud-based contract management allows remote colleagues to work from one source of truth, assisted by AI to crawl through volumes of agreements**

### Key takeaways

- Templates - Creation of standardized & consolidated templates.
- Identifying areas that require decision making before implementation based on issues highlighted by stakeholders
- Categorization, de-duplication, linkage & labeling of templates
- Reviewing and incorporating jurisdiction or industry specific requirements
- Additional end-user training from offshore for customers in addition to the train-the-trainer model followed during implementation

## Key benefits

Extremely flexible configuration, with the ability to model any type of agreement relationship

Flexible, rule-based contract generation and self-service contracting

Powerful clause management functionality

AI-powered identification, assignment and fulfillment tracking for all obligations including:

- Force Majeure
- Payment Terms
- Termination clauses

## Features

Microsoft Azure-native, scalable and integration-friendly Cloud architecture

Enterprise-grade security and administration to manage highly sensitive contracts

Intelligent Storage

**Effective enterprise contract management is critical for organizations in current and post-COVID world to identify and mitigate current risks and future risks.**
