Our Solutions:

Automated Cloud Modernization:

Our unique approach for moving customers to a multi-cloud world includes services for PowerCenter to IICS and Informatica's Cloud Data Quality migrations, accelerating business value delivery for our joint customers.

Multi-Cloud Master Data Management:

Wipro's Total Customer Centricity Master Data Management (MDM) solution for the manufacturing sector is powered by Informatica's MDM suite of solutions, backed by Wipro's decade-plus of MDM experience with Fortune 500 companies.

Automated Data Integration:

Wipro's next-gen data integration platform automates the Informatica data Integration development process using a pattern-based approach to reduce development effort by up to 60% while improving ETL quality.

Real Time Intelligence with Analytics:

Wipro's Data Operations Performance Analytics solution, powered by Informatica's Intelligent Data Management Cloud (IDMC) platform provides real-time predictive insights into data-driven decisions operations to prevent non-compliance and revenue loss.

Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO) is a leading global information technology, consulting and business process services company. We harness the power of cognitive computing, hyper-automation, robotics, cloud, analytics, and emerging technologies to help our clients adapt to the digital world and make them successful.
